Governor finally decides upon, will set the tax rates. Now this is the second year that this process has been in operation and we are relatively new at it. But I think it is very plain and clear that we have to get those things over. We have to get the final decisions made before we know exactly coupled with the projections of what the rates really need to be. So I would say let's...I support the committee motion to advance the bill, get it over there, and when the time comes, the proper time comes, to either change or not change, whatever the case may be, it is there in place for us to do. I would support the advancement of the bill as it now stands. Thank you.

CLERK: 28 ayes, 9 nays, Mr. President, on the motion to advance LB 539.

SPEAKER NICHOL: The bill is advanced. Excuse me, Mr. Clerk. Move on to LB 722. Where were we?

CLERK: May I read some things. I am going to read some things if I can, Mr. President.

SPEAKER NICHOL: All right.

CLERK: Bills read on Final Reading that have been presented to the Governor as of 2:15 p.m. (Re: LB 356, 447, 553, 196, 197, and 213.)
